If you are looking for a career opportunity to challenge your ability and provide excellent customer service for a culturally diverse population in an urban or suburban community setting, then St. Joseph's is the place for you.

Candidates can choose from a multitude of careers ranging from Administrative, Clerical Managerial, Support Services; such as Secretarial, Medical, Billing and Patient Accounts, Dietary, Housekeeping, Transport, Maintenance, Central Supply, Security, Childcare Center, and Medical Records.

St. Joseph's Healthcare System strongly believes in providing its employees with opportunities for advancement and growth.

Allied Health Opportunities

In the New Jersey Metropolitan area, particularly for residents of Northern New Jersey, St. Joseph's Healthcare System has been a constant in the ever-changing world of health care. Always remaining true to the values of the Sisters of Charity of Saint Elizabeth who founded St. Joseph's in 1867, St. Joseph's has served as a beacon of hope and continues to provide excellent care to all residents of New Jersey.

To render high quality care, we have a dedicated team of Doctors, Nurses and Allied Health Professionals who work collaboratively to provide the best possible outcomes for our patients.

St. Joseph's Healthcare System employs Allied Health employees in these areas: audiology, cardiovascular technology, dentistry, diagnostic medical sonography, emergency, medical technician, exercise rehabilitation, hemodialysis technician, medical assistant, medical laboratory technician, medical technology, medical transcription, nuclear medicine, nutrition, occupational therapy, pharmacy, physical therapy, psychology, radiation therapy, radiography, radiologic technology, speech therapy, social work, ultrasound, and venipuncture.

Whether you are following your career path or searching for a path to follow in health care, St. Joseph's Healthcare System may be the place for you.
